# Columbia Bollard Cast Aluminum 13" Diameter Base (BOLC)

## BOLLARD

### Columbia Series Cast Aluminum Bollard 13" Diameter Base

**Intended Use:**

City Streets, Parking Lots, Campuses, Commercial Developments, Plazas, Historic Districts, Village Squares, Residential Areas, Parks, Walkways, Boulevards, Roadways

**Features:**

This collection of distinctive decorative bollards offers a variety of choices to accent outdoor lighting projects. The styles are designed to complement the full line of decorative posts by transitioning flawlessly from the street to pedestrian walkway. This full line bollard offering is available in both a non lighted and a low wattage HID lighted source version. The following are product attributes for the Cast Aluminum Bollard Series:

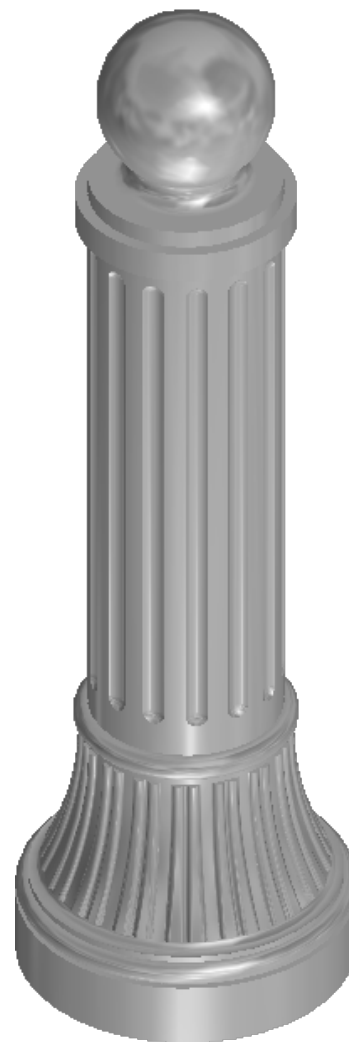

Eight distinct base styles; Multiple shaft styles and dimensions; One piece construction; Styled to complement decorative post line; Low wattage HID sources for lighted version; Fully prismatic optics or louvered available; Low copper content aluminum (356.1) insures maximum corrosion resistance and superior material strength; Superior finish with polyester powder coat finish; Shafts are circumferentially welded to base casting and ship as one piece for maximum structural integrity; Custom color options

**Listings:**

All welding shall be per ANSI/AWSD1.2-90. All welders shall be certified per section 5 of ANSI/AWS D1.2-90.
