

Highly Visible Green LED

Ideal for Upgrading or Repairing Cord Sets

Built for Safety

Hubbell's illuminated plugs and connectors are the latest addition to the already broad line of wiring devices. Designed with safety in mind, ultra-bright LEDs let the user know that power is present and flowing to the device. Clear polycarbonate housing allows for visibility from any viewpoint. LEDs are highly visible from distances far beyond the length of the cord.

Utilizing our superior cord clamp design in conjunction with the transparent angled wiring entrance holes, wiring and assembly is easy and efficient. Solid brass-alloy contacts ensure a safe and lasting connection for the life of the connector. When reliability needs to be seen, Hubbell has the answer.

FEATURES

- 360° LED visibility around body
- Easily confirm power is flowing through the cord
- Constructed of impact resistant durable polycarbonate and nylon
- Universal cord grip automatically centers and secures the cord
- Elastomeric dust seal prevents dust, moisture, and contaminants from entering the wiring chamber

APPLICATIONS

- Engine block heaters
- Outdoor equipment
- Power tools
- Extension cords
- Cord reels

Illuminated Plugs & Connectors

Description		15A 125V	20A 125V
Power indicating cord end with green LED	Plug	515LP	520LP
	Connector	515LC	520LC

Listings

UL Listed to UL498 File No. E1381
Fed. Spec. W-C-596
NEMA® WD-6 Compliant

Performance

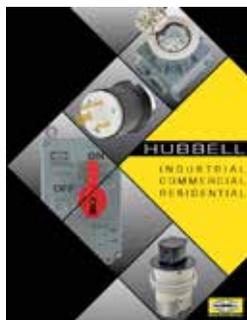

<i>Electrical</i>	Current Interrupting	Certified for current interrupting at full rated current
	Dielectric Voltage	Withstands 2,000V minimum
<i>Mechanical</i>	Product Identification	Ratings are a permanent part of the device
	Terminal Identification	Terminals identified in accordance with UL 498
	Terminal Accommodation	14-10 AWG stranded copper wire only
<i>Environmental</i>	Flammability	UL 94 V-2
	Operating Temperatures	Maximum continuous 75°C; Minimum -40°C (w/o impact)
