How would you like to proceed?	
<ul> <li>Activate a product.</li> </ul>	
<ul> <li>Transfer a product activation.</li> </ul>	
Home < Back Next > Close Hel	5

4. Enter the 36-character Activation ID (including "-"), which can be found on the inside of the CD case. Click *Save to File*.

🕱 Kepware License Utility - Manage Software License Activation  🔀
Step 1. Create an Activation Request File
Enter the 36-character Activation ID obtained from the vendor and then click 'Save to File' to generate the request file. This file must be sent to the vendor's licensing website in order to receive a response file to activate the product.
Caution: Multiple licenses of the same product cannot be activated on one machine. Attempting to do so will result in the loss of the license.
Activation ID: [ff5239c7-0230-4e29-9189-cbf35941b4c0 Save to File
Please note the file location for Step 2.
Step 2. Upload Request and Generate Response
Click to view vendor's support information.
Step 3. Import the Activation Response File
Click "Import File" to import the Activation Response File. This response file is obtained from the vendor's licensing website in order to activate the product Import File Import File
Home < Back Next > Close Help

### 5. Save and note the location.

- 6. Visit the <u>https://licensing.kepware.com/licensing\_portal/customer-center.aspx?id=idec</u> website.
- 7. Click Activate Software License.
- 8. Click *Browse* to upload the Activation Request file that was saved and noted in Step 5.
